## Realtime SinglePass DV scan and capture

Gets your DV material onto your system fast and efficiently. Saves wear and tear on your camcorder and tapes.

(Capture and record in realtime using VHS, S-VHS, Hi 8, and Video8, too.)

6

## Sought-after realtime filters

- Pan & scan, old movie, soft focus, blur, etc.
- Color correction, color match, color pass, color replace, slow motion, chroma/luma key

3

## Realtime DV output

*"Greater responsiveness in editing and real-time DV out mean that you may never wait for a render ever again, and this makes the Matrox RT.X100 a real real-time card."*

Videomaker Magazine

4

## Fast encoding for VCD, SVCD and the web

Hardware-accelerated, simultaneous batch encoding of MPEG-1, MPEG-2, RealMedia and Windows Media formats saves tedious rendering time.

7

## WYSIWYG plug-ins for Adobe Encore DVD, Adobe After Effects, and Adobe Photoshop

(LightWave, 3ds max, and standard DirectShow applications too.)

8

## Awesome extras

- Easy-to-install, stable, and reliable
- Easy still image capture with automatic de-interlacing for flicker-free photomontages
- Video-for-windows software codecs
- Free web video hosting at [www.matrox.tv](http://www.matrox.tv)

9

## Two value-packed bundles to choose from

- Matrox RT.X100 Xtreme Pro Suite
- Matrox RT.X100 Xtreme Pro Collection

There are really hundreds of reasons to own a Matrox RT.X100 Xtreme Pro. What are you waiting for? Call us today at 020-8346-8023 [www.smartdv.co.uk](http://www.smartdv.co.uk)
